ESP-60 Hot Water Parts Washer

Dimensions:

Total width	755	mm
Total length	1000	mm
Total height with lid closed	1150	mm
Total height with lid open	1550	mm
Lid opening angle	60	degrees
Basket Diameter \varnothing	600	mm
Basket Height	150	mm
Maximum loading height	300	mm
Maximum loading weight	80	kg
Tank capacity	50	Liter
Total machine weight (standard machine)	145	kg

Energy:

Electrical power requirements for standard machine	5.0	kW
Power supply, three-phase current	400	V
Frequency	50	Hz

Connections:

Water inlet connection	1/2	"
Water outlet connection	1/2	"

Nozzle System:

Fixed nozzle system with stainless nozzle tips	\varnothing 2.0	mm
Number of nozzles	16/18	pcs
Spraying water pressure	1.5	bar

Pump:

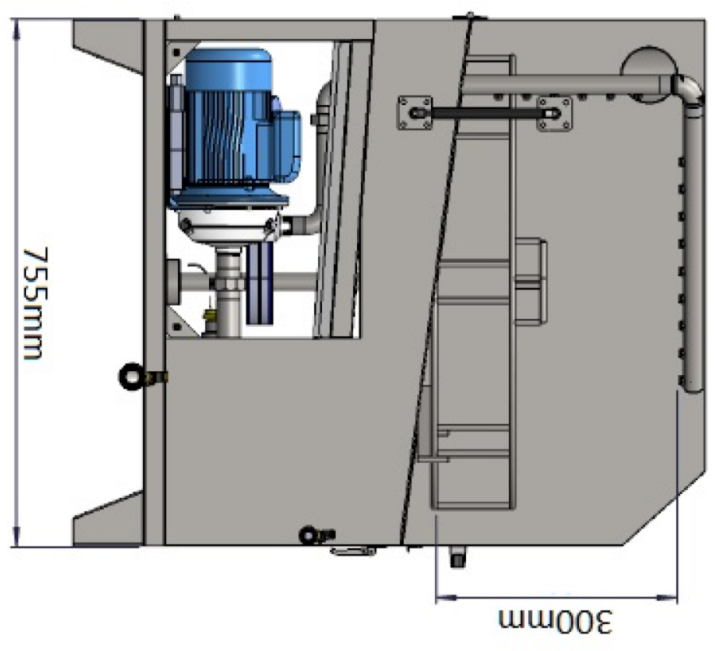

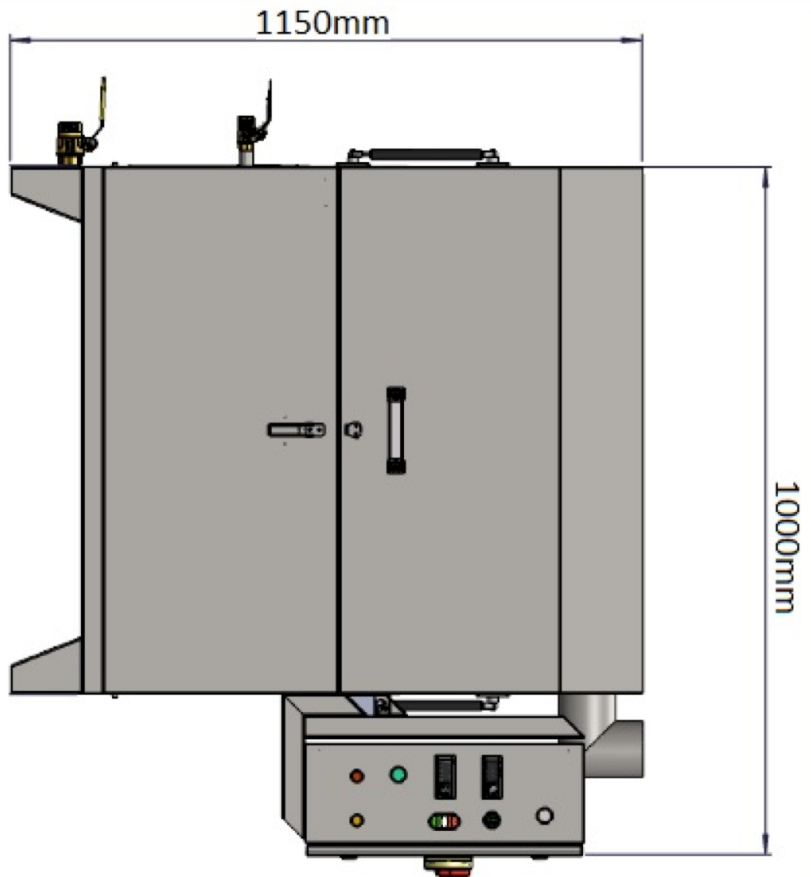

Flow rate	60	lt/h
Pump motor	0.37	kW

Electric Heating:

Heating power in the tank	4.0	kW
Operating temperature (no insulation)	1-60	°C
Operating temperature (with optional insulation)	1-80	°C

Optional features available for the ESP parts washer range (at additional cost)

Art. Number	Article
ESP60-BASKET	Stainless steel component basket
ESP-PKF10	10" cartridge pump filtration system
ESP-PKF20	20" cartridge pump filtration system
ESP-PDS	Pressure differential switch for filtration system
ESP-AG	Handheld air gun
ESP-TC	Time control option (instead of on/off)
ESP-7/24	7/24 timer for heaters
ESP-AF	Automatic water filling with solenoid & level control
ESP-DR	Dynamic rinsing with timer control
ESP-DPT1	Chemical dosage pump with time control (Max: 5 L/H)
ESP-DPT2	Chemical dosage pump with time control (Max: 50 L/H)
ESP-DPR1	Chemical dosage pump with rate control (0.4-4.0%)
ESP-DPR2	Chemical dosage pump with rate control (1.0-10.0%)
ESP-TDP	Pneumatic tank discharge pump (55 L/H)
ESP-TDV	Pneumatic valve discharge
ESP-CAS	Compressed air skimming (external air source required)
ESP60-INS	Full tank and body thermal insulation
ESP-FAN	Steam extraction fan
ESP60-TRAY	Dripping tray
ESP60-TRAYS	Dripping tray with overflow detection sensor
